TAGS: ETTC KOMC PK AE  
SUBJECT: BLUE LANTERN LEVEL 3: POST-SHIPMENT END-USE CHECK  
ON LICENSE 050096081

REF: 2006 BLUE LANTERN GUIDEBOOK

¶1. This is an Action Request. See paragraphs 2-4.

¶2. The Department's Office of Defense Trade Controls Compliance (PM/DTCC) requests Posts' assistance in conducting a post-shipment check on license 050096081 for the export of electronic communications equipment to Pakistan. Posts are requested to complete this Blue Lantern inquiry within 45 days. Lack of response to a Blue Lantern inquiry will affect pending and future licenses involving parties to this license.

¶3. Reason for request: To substantiate bona fides of foreign parties involved in this transaction and confirm order/receipt with the end-user.

¶4. Action Abu Dhabi: The Department requests that Post make inquiries with Foreign Intermediate Consignee Baltrans Logistics LLC, Dubai, to verify its role in this transaction. Emphasize that the unauthorized re-export or retransfer of United States Munitions List (USML) items is strictly prohibited.

Action Islamabad: Post is requested to verify the bona fides of Foreign Intermediate Consignee Micro Electronics International Ltd. Conduct a site visit to confirm Micro Electronics' role, and verify that the company ordered the exact type and quantity of items listed on the license. Post should assess its business operations and relationships, on-site security, and general reliability as a recipient of United States Munitions List (USML) items. Emphasize that the unauthorized re-export or retransfer of USML items is strictly prohibited. Confirm that the Pakistan Army has received the USML items listed below in full and that they are being used for the purpose stated on the license. Determine whether any other entities in Pakistan were involved in this transaction.

The following questions for Micro Electronics are provided as suggested guidance:

-- Were the USML items integrated into larger systems? If so, which systems and what firm performed the integration?

-- Who are Micro Electronics' customers, what is the nature of their business, and where are they located?

-- Is Micro Electronics an official supplier/contractor for the Pakistan Armed Forces?

-- Were there any additional foreign parties (e.g. consignees, freight forwarders, etc.) involved in this transaction?

-- Does Micro Electronics understand the restrictions on USML items (especially the prohibition against unauthorized re-transfers, re-exports, or changes in end use)?

END ACTION.
